WORK EXPERIENCE

FULLSTACK DEVELOPER

Ness Digital Engineering / Aug 2019 - PRESENT

My job is to develop and maintain a software that includes payment and ticketing for parking and public transport systems.

FULLSTACK DEVELOPER

UniCredit Services / Dec 2017 – Jul 2019

My job is to develop and maintain software applications that focus on managing a client's portfolio and recommending the best financial instrument according to his budget.

WEB DEVELOPER & PROGRAM COORDINATOR

WorkProfiler S.R.L. / Nov 2015 – Jan 2017

As a Program Coordinator at Work Profiler I am concerned in defining objectives by analyzing user requirements and also adapt to system possibilities. Being a program coordinator means supporting clients by developing documentation and providing information.
